(a) Includes figures for the Eden Canal which was amalgamated with the Damodar Canal system with effect from the year 1933-34.

3. **General.**—The total capital expenditure of the Department of Communications and Works, Irrigation Branch, during 1936-37 was Rs. 7,96,062 after deducting receipts and recoveries on capital account amounting to Rs. 9,192, as against Rs. 5,26,020 in the previous year. The major portion of this capital outlay was on the Damodar Canal project, only about Rs. 3,100 being spent on dredging the Bidyadhari river.

The construction of the Damodar Canal, which was started in 1926-27, was completed during the year under review. The project has been designed to irrigate about 200,000 acres of land, mostly for cultivation of paddy in the districts of Burdwan and Hooghly. The revenue account of the canal was opened from the 1st April 1933, and the construction estimate closed from the 30th September 1935. The flood of August 1935, which was the highest known since 1913, caused considerable and serious damage to the main weir of the canal called the Anderson Weir, necessitating the reconditioning of the weir and heavy special repairs to protective works downstream of all structures in the canal system. An estimate amounting to Rs. 12,98,208 was sanctioned and the special repair works were taken up during the cold weather of 1935-36 and were nearly completed during the year under review.

The rainfall in the area served by the Damodar Canal system was not well distributed during the year under review with the result that there was a great demand for canal water at times especially during the months of June and October. The supply of canal water was adequate and ensured a bumper crop in the areas. The total area actually irrigated was 133,101 acres as compared with 132,278 acres in the previous year. As in the previous year crop cutting experiments were carried out in several mauzas and it was established that the outturn of crops was very satisfactory.

The Bengal Development Act XVI of 1935 which provides for the development of lands in Bengal and imposes a levy in respect of increased profits resulting from improvement works constructed by Government came into force from 23rd January 1936. This enactment was the outcome of the suggestion in the Irrigation Committee's Report, 1930, that the cost of schemes financed by the Government out of loan funds should be met by means of a cess levied at a flat rate in the total area benefited. The Damodar Canal project was brought under the operation of the Bengal Development Act during the year under review.

The newly constructed Bakreswar Irrigation Canal in the Birbhum district irrigated 5,621 acres of land as against 6,489 acres in the previous year. The reduction in the area irrigated by this canal was due to non-execution of leases as a result of ample rainfall.

The project for the construction of the Grand Trunk Canal to provide a shorter inland steamer route from Calcutta to Eastern Bengal and Assam was held in abeyance and the capital expenditure already incurred was written off with the sanction of the Government of India. An expenditure of Rs. 7,311 charged to revenues was, however, incurred on the upkeep of buildings on the acquired land and on petty establishment and tools and plant, with a return of Rs. 9,530 on account of rent, etc.

Experiments with the operation of the locks and sluices on the Lower Kumar river were made with a view to reducing siltation in the river.

The expenditure on revenue account during the year amounted to Rs. 25,62,039 of which Rs. 5,47,626 was spent on irrigation works proper, the principal items being the Midnapore, Bakreswar, Damodar and Eden Canals and the contour survey in Central and Western Bengal. The expenditure on the Midnapore Canal was Rs. 1,27,315 which included Rs. 40,139 for maintenance and repairs and Rs. 86,775 for overhead charges. The expenditure on the Bakreswar Canal was Rs. 13,753 while that on the Damodar Canal including the Eden Canal amounted to Rs. 2,75,529. The administrative approval of Government was accorded to contour surveys of certain areas in Central and Western Bengal being undertaken at an estimated cost of Rs. 1,46,000 as it is expected that from such surveys, projects and schemes will emerge in the near future which will be remunerative and suitable for adoption under the Bengal Development Act. The survey for which a programme of three years was drawn up commenced from the cold season of 1936 and a total sum of Rs. 91,257 including Rs. 63,071 during the year under review, was spent. The rest

of the expenditure on revenue account was on navigation, embankment and drainage works. The expenditure on navigation was mainly for (1) upkeep of the five suction dredgers, (2) maintenance of the Hijili Tidal Canal, (3) maintenance of the existing steamer and boat routes from Calcutta to Eastern Bengal and Assam including the reconstruction of the bridges over the Calcutta Canals and Tolly's Nala to the cost of which the Calcutta Improvement Trust and the Calcutta Corporation contributed in certain cases and (4) conservancy of some of the principal navigable rivers of the province such as the Ganges, the Dhalleswari and the Buriganga. The expenditure on the Hijili Tidal Canal, the Calcutta and Eastern Canals, the Sunderbans Steamer Route and the Madaripur Bil Route was Rs. 41,523 Rs. 4,34,494, Rs. 56,772 and Rs. 1,68,485 respectively as compared with Rs. 1,32,212, Rs. 5,55,017, Rs. 47,188 and Rs. 1,82,085 respectively in the previous year. There was a marked decrease in the working expenses of the principal navigable canals, except the Sundarbans Steamer Route. The cost of the upkeep of the dredgers amounted to Rs. 4,39,972 as against Rs. 92,915 in the previous year. The adjustment of the loss of Rs. 2,08,777 on stock due to revaluation of the rates, etc., of the spare parts of the dredgers by *per contra* credit to their stock account and the special repairs to the dredger "Ronaldshay" in preparation for the work of dredging the new Storm Water Channel for the Calcutta Corporation account for the increased expenditure during the year under review. Out of the 5 suction dredgers, 3 were laid up throughout the year; the remaining dredgers "Alexandra" and "Foyers" were employed on dredging shoals in the Madaripur Bil Route and the Lower Kumar river during the months of October and November.

The total revenue receipts and expenses during the year were Rs. 15,18,194 and Rs. 25,62,039 respectively as against Rs. 13,78,369 and Rs. 25,94,249 in the previous year. The appreciable increase of about Rs. 1,40,000 of revenue was due mainly to the increased collection of water rates in the Midnapore Canal area and tollage in the Sundarbans Steamer Route and the Madaripur Bil Route. The financial results of the navigation canals were on the whole more favourable than in the previous year, as the receipts were on the increase and the working expenses were less.

Owing to financial stringency it was not possible to undertake any of the major schemes already administratively approved and the policy of Government had still perforce been restricted to smaller schemes of local benefit. The Ghuznavi Cut, a channel connecting the Mathabhanga river with the Nabaganga near Meherpur constructed in 1933 by the District Board of Nadia with a contribution from Government and the Bejoy Cut to flush the Bhairab Kobadak river by means of a junction cut from the Mathabhanga at Joynagar carried out by the District Board of Nadia in 1935 are instances of schemes of this nature. Both these cuts worked very satisfactorily during the year.

An amount of Rs. 3,03,000 was allotted to this department out of the Government of India grant of about Rs. 16,00,000 to this province for rural upliftment. The amount was meant for executing small drainage and flushing schemes to improve rural conditions. Accordingly schemes of this nature were selected in some of the districts of Bengal in consultation with the district authorities and district boards in 1935-36. Many of such schemes have been completed and the remainder are in progress.

The free flushing of the malaria-stricken areas in the Narayangarh, Pingla and Kola-Panskura areas of the Midnapore district with the water of the Midnapore Canal was continued. The area actually flushed was 2,930 acres including tanks, dobas, basties and paddy fields. The result was on the whole satisfactory.

Flushing of the Gobra Nalla by the water of the Kalkali river through the Gobra Cut was very satisfactory. Most of the water hyacinth was passed down by the strong current and this resulted in considerably improving the sanitary condition of the people. Actually an area of 1,700 acres was flushed. Flushing by the Uttampur Cut connecting Jalangi river at Uttampur with the Bhairab river at Natua was satisfactory. The Bhairab river was practically cleared of water hyacinth.

The department maintained about 1,247 miles of embankments during the year. The policy of gradually abandoning those embankments which by experience have been found to be injurious

to the country by obstructing the free discharge of flood water was continued and a length of about 18 miles of existing embankments was abandoned. The total amount spent on maintenance of embankments and drainage works, such as Magrahat drainage works, Rajapur drainage works, etc., was Rs. 6,42,313 against Rs. 9,00,895 in the previous year.

The department has also to deal with the protection of towns from river erosion. During the year under review, the cost of the protective measures against the erosion of the river Dharla which threatens the existence of the subdivisional town of Kurigram, amounted to Rs. 12,844. The work in connection with the brick mattress at Nawabganj in the Rajshahi district was undertaken and completed during the year at a cost of Rs. 9,769. Periodical observations were made of the erosion at Noakhali and Chandpur.

The department also undertakes surveys and investigations with a view to examining the feasibility of working out schemes for irrigation and drainage purposes. It also conducts discharge observations and collects hydraulic data of all important rivers. Apart from the contour survey of Central and Western Bengal already mentioned, many important surveys and investigations were carried out during the year of which the following were the chief:—

(1) Observing hydraulic conditions in the Malda district, (2) taking gauge readings and discharge observations of important rivers of North Bengal, (3) collecting hydraulic data for improving the rivers Bhagirathi, Kumar, Jalangi and Nabaganga, (4) taking borings in connectiin with the Darakeswar reservoir project, (5) examining the bed of the river More at the site of the Messanjore reservoir dam, (6) survey in connection with a proposed embankment at Bararchar, (7) observation of the spill condition of the river Jamuna from Jagannathganj to Patal and (8) survey in connection with some drainage projects in the Gopalganj subdivision.

The following is a list of important works under execution or in charge of this department:—

4 **The Damodar Canal project.**—The total capital expenditure (direct and indirect) to the end of the year 1936-37 was Rs. 1,19,05,919 as against the revised estimate of Rs. 78,14,981 sanctioned by the provincial Government in 1925. A second revised estimate which was prepared by the Chief Engineer showing up-to-date financial results is considered unnecessary at this stage and it has been decided to deal with the excess expenditure on the project in the completion report now under preparation. Receipts and expenditure inclusive of the Eden Canal during the year amounted to Rs. 4,92,820 and Rs. 2,75,529 respectively as against Rs. 4,74,182 and Rs. 2,15,993 in the previous year. The result was a net revenue of Rs. 2,17,291 against Rs. 2,58,189 in the previous year.

5. **The Bakreswar Irrigation Scheme.**—The construction work in connection with the scheme was started in 1927. There was no capital outlay during the year and the total capital expenditure (direct and indirect) to the end of the year amounted to Rs. 7,13,875 against the sanctioned estimate of Rs. 4,90,596. The completion report is under examination. The gross revenue and working expenses during the year were Rs. 18,810 and Rs. 13,753 respectively, the result being a net revenue of Rs. 5,057 as against Rs. 3,122 in the previous year.

6. **The Midnapore Canal.**—The canal consists of two weirs at Midnapore and Panskura. 65½ miles of main and branch canals used both for irrigation and navigation purposes and 284·87 miles of distributaries and village channels. No capital expenditure was incurred on the canal during the year. The gross receipts and working expenses were Rs. 1,25,832 and Rs. 1,27,315 respectively as against Rs. 61,785 and Rs. 1,31,834 in the previous year. The result was a deficit of Rs. 1,483 against that of Rs. 70,049 in the previous year.

7. **The Grand Trunk Canal project.**—As alluded to in paragraph 3 above the project was held in abeyance and the entire capital expenditure amounting to Rs. 13,78,862 incurred on it to the end of the year 1935-36 was written off from the capital accounts without any financial adjustment with the sanction of the Government of India. The project now comes under the category of works for which neither capital nor revenue accounts are kept.

8. **The Hijili Tidal Canal.**—This khal with the Terapakhia Pass Khal, Palaboni khal and the khal leading to the Gewankhali lock entrance constitutes a navigation canal 49¾ miles in length. No capital expenditure was incurred on the canal during the year. The gross receipts and working expenses amounted to Rs. 56,632 and Rs. 41,523 respectively as against Rs. 63,900 and Rs. 1,32,212 in the previous year, the result being a net revenue of Rs. 15,109 as against the deficit of Rs. 68,312 in the previous year.

9. **The Calcutta and Eastern Canals.**—These consist of natural and artificial channels, about 834 miles long for maintaining communication between Calcutta and Eastern Bengal. There was no capital expenditure on these canals during the year. The gross receipts and working expenses were Rs. 3,75,161 and Rs. 4,34,494 respectively as against Rs. 3,27,525 and Rs. 5,55,017 in the preceding year. The result was a deficit of Rs. 59,333 against that of Rs. 2,27,492 in the previous year.

10. **The Sundarbans Steamer Route.**—This route is about 350 miles long. There was no capital expenditure on it during the year. The gross revenue and working expenses amounted to Rs. 77,305 and Rs. 56,772 as against Rs. 63,312 and Rs. 47,188 in the previous year, resulting in a net revenue of Rs. 20,533 as against the net revenue of Rs. 16,124 in the preceding year.

11. **The Madaripur Bil Route.**—The route connects the Madhumati and Kumar rivers in the Faridpur district

and is about 36 miles in length. There was no capital expenditure on it during the year. The gross revenue and working expenses were Rs. 1,75,221 and Rs. 1,68,485 respectively as against Rs. 1,54,890 and Rs. 1,82,085 in the previous year; the result was a net revenue of Rs. 6,736 against a deficit of Rs. 27,195 in the previous year.

12. **Dredgers.**—As already stated in paragraph 3, of the five suction dredgers, the "Alexandra" and the "Foyers" were employed for 26 and 15 days respectively. The hire earned by the "Alexandra" amounted to Rs. 7,852 of which Rs. 2,938 was credited to the capital account and the balance, viz, Rs. 4,914 to the revenue account. The amount of Rs. 12,311 earned by the "Foyers" as hire was credited to the revenue account of the dredger. The other three dredgers "Ronaldshay", "Cowley" and "Burdwan" remained idle throughout the year. But the "Ronaldshay" earned as hire Rs. 1,960 for the use of certain of her pontoons. Out of this Rs. 756 was credited to her capital account and Rs. 1,204 to the revenue account. The "Cowley" also earned similarly Rs. 392 as hire, of which Rs. 140 was credited to her capital account and Rs. 252 to the revenue account.

Taking all the dredgers together, the revenue receipts amounted to Rs. 21,555 while their working expenses were Rs. 4.39,972 as against Rs. 92,915 in the preceding year. The reason for the large increase in the working expense in comparison with the previous year has been explained in paragraph 3 above.

13. **Minor Irrigation, Navigation, Embankment and Drainage works for which neither Capital nor Revenue accounts are kept.**—These include the Amjore Weir, the Salbundh Weir, the Orissa Coast Canal, the Nadia rivers, the Magrahat drainage scheme, Government embankments, the surveys and other works enumerated in the list at the end of parapragh 3 above. Total receipts from these works amounted to Rs. 1,74,858, while their working expenses were Rs. 10,04,196 as against Rs. 12,24,583 in the preceding year. The decrease in the working expenses was due to a fall in the expenses incurred on the embankments.

14. **River Training works.**—Training works were carried out in the rivers Dhalleswari and Buriganga in order to mtaintain a navigable depth of water during the low water season and to ensure a supply of good drinking water to the city of Dacca. The work was carried out through the agency of the Joint Steamer Companies with a Government subsidy of Rs. 17,500.

RESOLUTION.

No. 525.—The Governor-General in Council hereby makes the following rules for the regulation of admission to the Indian Military Academy by examination in India which will be held on the 19th October 1938 and subsequent days:—

RULES.

1. (*i*) A candidate who desires to appear at the examination shall apply to be admitted to the examination before such date and in such form as the Federal Public Service Commission may prescribe. The application shall be made through the Collector or Deputy Commissioner of the district in which his parents reside at the time of the application, or have previously resided for a period of not less than three years, or in which he has himself resided, otherwise than as a student at an educational institution only for a like period.

(*ii*) In the case of Calcutta applications shall be submitted through the Commissioner of Police.

(*iii*) Cadets of the Prince of Wales's Royal Indian Military College, Dehra Dun, shall submit their applications through the Principal of the College.

(*iv*) A candidate resident in an Indian State shall submit his application through the Durbar, who will forward it to the Political Officer or Agent.

(*v*) No candidate shall make more than one application in respect of this examination.

(*vi*) A candidate shall, except in very exceptional circumstances, appear personally before the District Officer or the Political Officer or Agent who signs the attestation form.

2. A candidate must be an unmarried man and either—

(*a*) a British subject of Indian domicile or a European or Anglo-Indian or Indian of Burman domicile whose father (if alive) is a British subject or a subject of a State in India, or a British protected person of the tribal areas; or (if dead) was at the time of his death either a British subject or a subject of a State in India or a British protected person of the tribal areas, or a person in the permanent service of the Crown or a person who had retired from that Service;

(*b*) a Ruler or a subject of a State in India or a British protected person of the tribal areas.

Provided that in the case of a British subject the requirements of this rule may be waived by the Secretary of State in Council if he is satisfied that their observance would occasion exceptional hardship, and that the candidate is so closely connected by ancestry and upbringing with His Majesty's dominions as to justify special treatment.

3. The guarantors of a candidate selected for admission to the Indian Military Academy will be required to covenant with the Secretary of State in Council that the parent or guardian of the cadet will discharge from his own personal resources all the financial obligations attaching to the training of his son or ward at the Academy, and that in the event of failure to comply with certain contingencies set forth in an Indenture relating to the completion of the course at the Indian Military Academy, and thereafter, the acceptance of a commission in the Indian Land Forces, and the period he is required to hold such a commission, he will pay the full cost which the Government of India shall have expended on the education of the cadet at the Academy. Should it be found that the declaration in regard to discharge of financial obligations at the Indian Military Academy is false in any respect, the cadet will be liable to immediate removal from the Academy.

4. The maximum number of candidates to be admitted to the examination may, in the discretion of the Governor-General in Council, be limited to such number as the Governor-General in Council may decide. If a limit is imposed and the number of candidates exceeds that limit, the Federal Public Service Commission shall select from among the applicants those who shall be admitted to the examination and shall have regard in so doing to the suitability of the applicants for employment as commissioned officers in the Indian Army.

5. A candidate for this examination must have been born not earlier than the 2nd November 1918 and not later than the 1st November 1920.

6. A candidate must be in good mental and bodily health and free from any physical defect likely to interfere with the efficient performance of the duties of a commissioned officer in the Indian Army. A candidate who, after examination by a Medical Board, is found not to satisfy these requirements will not be accepted for admission to the Academy.*

7. A candidate must satisfy the Federal Public Service Commission that he is suitable in all respects for employment as a commissioned officer in the Indian Army.

8. The decision of the Federal Public Service Commission as to the eligibility or otherwise of a candidate shall be final.

9. No candidate shall be admitted to the examination unless he holds a certificate of admission from the Federal Public Service Commission.

---

*Only successful candidates will be medically examined. Candidates are recommended to consult a Civil Surgeon as to their physical suitability before entering for the examination.

10. Any attempt on the part of a candidate to enlist support for his application will disqualify him for admission to the Indian Military Academy.

11. (*a*) A candidate who competed in the examination held in March/April 1938, and failed to obtain a qualifying mark, will not be allowed to compete at the examination to be held in October 1938, unless he is ineligible by age to compete at any later examination.

(*b*) No candidate who fails to obtain a qualifying mark at this examination will be allowed to compete at the next examination unless that examination is the last at which he would be qualified by age to compete.

12. Candidates must pay the following fees:—

(*i*) Rs. 7-8-0 with the application form,

(*ii*) if accepted for admission to the examination, Rs. 50 immediately after the receipt of the certificate of admission.

(Only Treasury Receipts for these amounts will be accepted by the Federal Public Service Commission.)

ORDERED that the Resolution be published in the *Gazette of India*.

NOTICE.

No. 526.—A competitive examination for entry to (1) the Indian Military Academy, Dehra Dun, in the term beginning on the 27th January 1939; and (2) the Royal Indian Navy will be held in Delhi on Wednesday, the 19th October 1938, and subsequent days. The examination will be conducted by the Federal Public Service Commission.

2. The examination will be a combined one for the purpose of filling vacancies in the Indian Military Academy, and the Royal Indian Navy. A candidate may apply to be admitted to the examination for both or either. If he wishes to be admitted as a candidate for both, he should state this on his application form. Separate applications are not required. He will be required to pay the application and examination fees once only. If he proves successful as a candidate for both he will ordinarily be assigned to the one for which he expressed a preference in his application; but the Government of India reserve power to assign him to either.

3. At this examination 15 vacancies will be offered for entry to the Indian Military Academy. The Governor-General in Council, however, reserves to himself the right to

fill the last three vacancies by nomination from among those who have qualified but failed to obtain sufficient marks to secure one of the first twelve vacancies. Four vacancies will be offered for admission to the Executive Branch of the Royal Indian Navy.

4. The examination will be the same for all arms of the Indian Army, *i.e.*, Cavalry, Artillery, Signals, Engineers and Infantry. All candidates on joining the Indian Military Academy may volunteer to be considered for the technical arms, and will be given a test examination in Mathematics. Candidates for the Royal Indian Navy examination must have been born not earlier than the 2nd May 1919, and not later than the 1st May 1921. These age limits can in no case be relaxed.

6. A candidate who desires to appear at the examination is required to submit to the Federal Public Service Commission his application in the prescribed form with the necessary documents in accordance with "Instructions to Candidates". Applications must reach the Collector or Deputy Commissioner, or the Political Officer or Agent or the Principal, Prince of Wales's Royal Indian Military College, Dehra Dun, on or before the 1st July 1938. Copies of the Rules and the Application Form, etc., may be obtained from the Provincial Government, Administration or Durbar concerned.

THE FACT THAT AN APPLICATION FORM HAS BEEN SUPPLIED, ON WHATEVER DATE, WILL NOT BE ACCEPTED AS AN EXCUSE FOR THE LATE SUBMISSION OF AN APPLICATION. CANDIDATES WHO DELAY THEIR REQUESTS FOR FORMS UNTIL A LATE DATE WILL DO SO AT THEIR OWN RISK.

7. Applications should be sent by registered post. If a candidate fails to register his application, he does so at his own risk. If a candidate desires an acknowledgment, he should also send his application "registered, acknowledgment due".

NOTE.—If any candidate has appeared at the examination held in March/April 1938, for entry to the Indian Military Academy or the Royal Indian Navy, and, not being successful thereat, wishes to appear at the examination to be held in October, 1938, he must submit his application by the prescribed date without waiting for the results of the former examination. (*2*) Subject to rules made by the Provincial Government in this behalf, this section shall not apply to a person receiving instruction in driving a motor vehicle.

Age limit in connection with driving of motor vehicles.

4. (*1*) No person under the age of eighteen years shall drive a motor vehicle in any public place.

(*2*) Subject to the provisions of sub-section (*3*) of this section and of section 14, no person under the age of twenty-one years shall drive a locomotive, tractor or transport vehicle in any public place.

(*3*) A Provincial Government may make rules under section 21 providing for the issue of licences, to be effective only within the province, to drive locomotives, tractors or transport vehicles or any specified description thereof, to persons who have completed their eighteenth but have not completed their twenty-first year of age.

Responsibility of owners of motor vehicles for contraventions of sections 3 and 4.

5. No owner or person in charge of a motor vehicle shall cause or allow any person to drive the vehicle in contravention of the provisions of section 3 or section 4; and in the event of any such contravention a Court may presume that the vehicle was being driven with the consent of the owner or person in charge.

Restrictions on the holding of licences.

6. (*1*) No person shall, while he holds any licence for the time being in force except a licence issued under the provisions of sub-section (*3*) of section 4, hold any other licence except a licence issued in accordance with the provisions of section 14.

(*2*) No holder of a licence shall allow it to be used by any other person.

Grant of licences.

7. (*1*) Any person who is not disqualified under section 4 for driving a motor vehicle and who is not for the time being disqualified for holding or obtaining a licence may apply to the licensing authority having jurisdiction in the area in which he ordinarily resides or carries on business for the issue to him of a licence.

(2) Every application under sub-section (1) shall be in Form A as set forth in the First Schedule, shall be signed by, or bear the left thumb impression of, the applicant in two places, and shall contain the information required by the form.

(3) Where the application is for a licence to drive as a paid employee or to drive a transport vehicle, or where in any other case the licensing authority so requires, the application shall be accompanied by a medical certificate in Form C, as set forth in the First Schedule, signed by a registered medical practitioner authorised by the Provincial Government by rule made under section 21 to grant such certificates.

(4) Every application for a licence to drive as a paid employee and every application for a licence to drive a public service vehicle shall be accompanied by two clear copies of the photograph of the applicant.

(5) If, from the application or from the medical certificate referred to in sub-section (3), it appears that the applicant is suffering from any disease or disability specified in the said Form C or any other disease or disability which is likely to cause the driving by him of a motor vehicle of the class which he would be authorised by the licence applied for to drive to be a source of danger to the public, the licensing authority shall refuse to issue the licence:

Provided that—

(a) a licence limited to driving an invalid carriage may be issued to the applicant, if the licensing authority is satisfied that he is fit to drive such a carriage, and

(b) the applicant may, except where he suffers from a disease or disability specified in the Second Schedule, claim to be subjected to a test of his fitness or ability to drive a motor vehicle of a particular construction or design, and, if he passes such test to the satisfaction of the licensing authority and is not otherwise disqualified, the licensing authority may grant him a licence to drive such motor vehicle as the licensing authority may specify in the licence.

(6) No licence shall be issued to any applicant unless—

(a) he passes to the satisfaction of the licensing authority the test of competence to drive specified in the Third Schedule, or

(b) where the application is made within twelve months from the commencement of this Act, he satisfies the licensing authority that he is at the time when the application is made the holder of a current licence granted under the provisions of the Indian Motor Vehicles Act, 1914, entitling him to drive a vehicle of the class or description which he would be entitled to drive under the licence applied for: VIII of 1914.

Provided that, where the application is for a licence to drive a motor cycle or a motor car, the licensing authority may exempt the applicant from Part I of the test specified in the Third Schedule, if the licensing authority is satisfied that the applicant has had not less than twelve months' recent experience of driving a motor cycle or a motor car, as the case may be.

(7) The test of competence to drive shall be carried out in a vehicle of the type to which the application refers, and, for the purposes of Part I of the test,—

(a) a person who passes the test in driving a motor car or a motor cab or a delivery van shall be deemed to have passed the test for all of these vehicles;

(b) a person who passes the test in driving a light transport vehicle shall be deemed also to have passed the test in driving the vehicles referred to in clause (a); and

(c) a person who passes the test in driving a heavy transport vehicle shall be deemed also to have passed the test in driving the vehicles referred to in clauses (a) and (b).

(8) When an application has been duly made to a licensing authority and the applicant has satisfied such authority of his physical fitness and of his competence to drive and has paid to the authority a fee of five rupees, the licensing authority shall grant the applicant a licence unless the applicant is disqualified under section 4 for driving a motor vehicle or is for the time being disqualified for holding or obtaining a licence, or neither ordinarily resides nor carries on business within the jurisdiction of the licensing authority:

Provided that—

(a) the fee for a licence issued in accordance with the provisions of clause (b) of sub-section (6) shall be three rupees only, and

(b) a licensing authority may issue a licence to drive a motor cycle or a motor car notwithstanding that the applicant does not reside or carry on business within the jurisdiction of the licensing authority, if the licensing authority is satisfied that there is good reason for the applicant's inability to apply to the licensing authority within whose jurisdiction he resides or carries on his business.

Form and contents of licence.

8. (1) Every licence to drive a motor vehicle, except a licence issued under section 14, shall be in Form D as set forth in the First Schedule and shall have affixed thereto one of the signatures or thumb impressions given on the form of application for the licence and, in the case of a licence to drive as a paid employee or to drive a public service vehicle, one of the photographs referred to in sub-section (4) of section 7.

(2) A licence shall specify whether the holder is entitled to drive as a paid employee and whether he is entitled to drive a public service vehicle and shall further be expressed as entitling the holder to drive a motor vehicle of one or more of the following classes, namely:—

(a) motor cycle,

(b) motor car,

(c) motor cab,

(*3*) A Provincial Government may, by rules made under section 21, provide that a licence entitling the holder to drive a public service vehicle shall be issued only by or under the authority of the Regional Transport Authority constituted under Chapter IV, regulate the submission of applications for such licences to the said authority, require as a condition of its validity in a province that a licence entitling the holder to drive a public service vehicle shall be countersigned by a prescribed authority in the province and prescribe the conditions subject to which a licence issued in an Indian State or a licence other than an international driving permit issued in pursuance of the International Convention relative to motor traffic concluded at Paris on the 24th day of April, 1926, issued in the French and Portuguese Settlements bounded by India shall have validity in the province.

Currency of licences.

10. A licence issued under the foregoing sections shall, subject to the provisions contained in this Act as to the cancellation of licences and the disqualification of holders of licences for holding or obtaining licences, be effective without renewal for a period of twelve months only from the date of issue.

Renewal of licences.

11. (*1*) Any licensing authority may on application made to it renew a licence.

(*2*) An application for the renewal of a licence shall be made in Form B as set forth in the First Schedule and shall contain the declaration required by that form; and where the applicant is unable to subscribe to the said declaration the provisions of sub-section (*5*) of section 7 shall apply.

(*3*) The fee payable for the renewal of a licence shall be three rupees, if the application for renewal is made previous to, or not more than seven days subsequent to, the date on which the licence is due to expire and shall be five rupees in any other case, unless the licensing authority is satisfied that the holder was prevented by good cause from applying for the renewal of the licence within seven days after its expiry.

(*4*) When the authority renewing the licence is not the authority which issued the licence, it shall intimate the fact of renewal to the authority which issued the licence.

Revocation of licence on grounds of disease or disability.

12. Notwithstanding anything contained in the foregoing sections, a licensing authority may at any time revoke a licence issued by it, or may require, as a condition of continuing to hold such licence, the holder thereof to furnish the medical certificate referred to in

sub-section (*3*) of section 7, if the licensing authority has reasonable grounds to believe that the holder of the licence is, by virtue of any disease or disability, unfit to drive a motor vehicle in a public place.

Orders refusing or revoking licences and appeals therefrom.

13. (*1*) Where the licensing authority refuses to issue or revokes or refuses to renew any licence, it shall furnish the applicant or the holder, as the case may be, with reasons in writing for such refusal or revocation.

(*2*) Any person aggrieved by the refusal of a licensing authority to grant or renew a licence or by the revocation of a licence may, after giving to the licensing authority notice of his intention so to do, appeal to the District Magistrate of the district in which he resides, or to the Chief Presidency Magistrate in a presidency-town or to any other prescribed authority, and any order made on such appeal shall be binding on the licensing authority.

Licences to drive motor vehicles, the property of the Central Government.

14. (1) The authority specified in Part A of the Fourth Schedule may grant licences, valid throughout British India, to persons who have completed their eighteenth year to drive motor vehicles which are the property of the Central Government.

(*2*) A licence issued under this section shall specify the class or classes of vehicle which the holder is entitled to drive and the period for which he is so entitled.

(*3*) A licence issued under this section shall not entitle the holder to drive any motor vehicle except a motor vehicle which is the property of the Central Government.

(*4*) The authority issuing any licence under this section shall at the request of any Provincial Government furnish such information respecting any person to whom a licence is issued as that Government may at any time require.

Power of Provincial Government to disqualify for holding a licence.

15. (*1*) A Provincial Government may in its discretion make an order declaring any person disqualified, either permanently or for a specified period, for holding or obtaining a licence in the province.

(*2*) On the issue of any such order the person affected thereby shall forthwith surrender his licence, if it has not already been surrendered, to such person as may be specified in the order; and that person shall keep the licence until the disqualification has expired or has been removed and the person entitled to the licence has made a demand in writing for its return to him.

16. A Regional Transport Authority constituted under Chapter IV may subject to any prescribed conditions declare any person disqualified, either permanently or for a specified period, for holding or obtaining a licence to drive a public service vehicle in the province.

Power of Court to disqualify.

17. (*1*) Where a person is convicted of an offence under this Act, or otherwise in relation to a motor vehicle, or the driving of a motor vehicle, or of an offence in the commission of which a motor vehicle was used, the Court by which such person is convicted may, subject to the provisions of this section, in addition to imposing any other punishment authorised by law, declare the person so convicted to be disqualified, for such period as the Court may specify, for holding any licence or for holding a licence to drive a particular class or description of vehicle.

(*2*) A Court may not order the disqualification of an offender convicted for the first or second time of an offence punishable under section 114.

(3) A Court may not on a first conviction of an offence punishable under section 115 order the disqualification of the offender for a period exceeding one month, or, on a second conviction, for a period exceeding three months:

Provided that any conviction of an offence punishable under section 116 recorded within the three years preceding a conviction of an offence punishable under section 115 shall, for the purposes of this sub-section, be deemed to be a previous conviction of an offence punishable under section 115.

(4) A Court shall order the disqualification of an offender convicted of an offence punishable under section 125 and such disqualification shall be for a period of not less than twelve months.

(5) A Court shall order the disqualification of an offender convicted of an offence punishable under section 117, and such disqualification shall be for a period of not less than six months.

(6) A Court shall order the disqualification of an offender convicted of an offence against the provisions of clause (c) of sub-section (1) of section 85 or of section 87, and such disqualification shall be for a period of not less than one month.

(7) A Court shall, unless for special reasons to be recorded in writing it thinks fit to order otherwise, order the disqualification of an offender—

(a) who having been convicted of an offence punishable under section 116 is again convicted of an offence punishable under that section,

(b) who is convicted of an offence punishable under section 120, or

(c) who is convicted of an offence punishable under section 123:

Provided that the period of disqualification shall not be less, in the case referred to in clause (b), than six months, or, in the case referred to in clause (c), than three months.

(8) A Court ordering the disqualification of an offender convicted of an offence punishable under section 115 or section 116 may direct that the offender shall, whether he has previously passed the test of competence to drive specified in the Third Schedule or not, remain disqualified until he has subsequent to the making of the order of disqualification passed that test to the satisfaction of the licensing authority.

(9) The provisions of this section relating to offences punishable under sections 114, 115, 116 and 117 shall apply also to abetment of those offences.

(10) The Court to which an appeal lies from any conviction of an offence of the nature specified in sub-section (1) may make any order of disqualification which could have been made by the Court below and may set aside or vary any such order made by the Court below.

Effect of disqualification order.

18. (1) A person in respect of whom any disqualification order is made shall be debarred to the extent and for the period specified in such order for holding or obtaining a licence and the licence, if any, held by such person at the date of the order shall cease to be effective during such period.

(2) The operation of a disqualification order made under section 17 shall not be suspended or postponed while an appeal is pending against such order or against the conviction as a result of which such order is made, unless the Court making the order so directs.

(*3*) Any person in respect of whom any disqualification order has been made may at any time after the expiry of six months from the date of the order apply to the Court or other authority by which the order was made, to remove the disqualification; and the Court or authority, as the case may be, may, having regard to all the circumstances of the case and the conduct of the person disqualified subsequent to the order, either remove or vary the order of disqualification:

Provided that where an application has been made under this section a second application thereunder shall not be entertained before the expiry of a further period of three months.

Endorsements.

19. (*1*) The Court or authority making an order of disqualification shall endorse or cause to be endorsed upon the licence, if any, held by the person disqualified particulars of the order of disqualification and of any conviction of an offence in respect of which an order of disqualification is made; and particulars of any removal or variation of an order of disqualification made under sub-section (*3*) of section 18 shall be similarly so endorsed.

(*2*) A Court by which any person is convicted of an offence specified in the Fifth Schedule shall, whether or not an order of disqualification is made in respect of such conviction, endorse or cause to be endorsed particulars of such conviction on any licence held by the person convicted.

(*3*) Any person accused of an offence specified in the Fifth Schedule shall when attending the Court bring with him his license if it is in his possession.

Transfer of endorsement and issue of licence free from endorsement.

20. (*1*) An endorsement on any licence shall be transferred to any new or duplicate licence obtained by the holder thereof until the holder becomes entitled under the provisions of this section to have a licence issued to him free from endorsement.

(*2*) Where a licence is required to be endorsed and the licence is at the time not in the possession of the Court or authority by which the endorsement is to be made then—

(*a*) if the person in respect of whom the endorsement is to be made is at the time the holder of a licence, he shall produce the licence to the Court or authority within five days, or such longer time as the Court or authority may fix, or

(*b*) if, not being then the holder of a licence, he subsequently obtains a licence, he shall within five days after obtaining the licence produce it to the Court or authority;

and if the licence is not produced within the time specified it shall on the expiration of such time be of no effect until it is produced for the purpose of endorsement.

(*3*) A person whose licence has been endorsed shall, if during a continuous period of three years since the endorsement was made no further order of endorsement has been made against him, be entitled, on surrendering his licence and on payment of a fee of five rupees, to receive a new licence free from all endorsements except an endorsement of a conviction for an offence specified in Part A of the Fifth Schedule or an endorsement of an order of disqualification:

Provided that in reckoning the said period of three years any period during which the said person was disqualified for holding or obtaining a licence shall be excluded.

(4) When a licence is endorsed by or an order of endorsement is made by any Court, the Court shall send particulars of the endorsement or order, as the case may be, to the licensing authority by which the licence was last renewed and to the licensing authority within whose jurisdiction the holder of the licence resides, or which granted the licence.

(*2*) A registration made under this section shall be valid only for a period not exceeding one month, and the owner of the vehicle shall within that time cause the vehicle to be registered in accordance with section 23 unless the vehicle is removed from British India.

Production of vehicle at time of registration.

26. The registering authority may before proceeding to register a motor vehicle require the person applying for registration of the vehicle to produce the vehicle either before itself or before a prescribed authority in order that the registering authority may satisfy itself that the particulars contained in the application are true and that the vehicle complies with the requirements of Chapter V and of the rules made thereunder.

(*2*) Subject to the provisions of section 23 and to any prescribed conditions, a motor vehicle registered by a competent authority in any Indian State or in the French or Portuguese Settlements bounded by India shall not require to be registered in British India, and any certificate of registration issued by any such authority in respect of such vehicle shall be effective throughout British India as if it were a certificate of registration issued under this Act.

(*3*) The provisions of section 33, and the provisions of section 34 in so far as they empower the cancellation of the registration of a motor vehicle when the vehicle has been destroyed or has been rendered permanently incapable of use or is in a dangerous condition and beyond repair, shall apply to any vehicle referred to in sub-section (*2*) while in British India, as they apply to motor vehicles registered under this Act.

Assignment of fresh registration mark on removal to another province.

(*1*) When a motor vehicle registered in one province has been kept in another province for a period exceeding twelve months, the owner of the vehicle shall apply to the registering authority, within whose jurisdiction the vehicle then is, for the assignment of a new registration mark and shall present the certificate of registration to that registering authority.

(*2*) The registering authority, to which application is made under sub-section (*1*), shall assign the vehicle a registration mark in accordance with the Sixth Schedule to be carried thenceforth on the vehicle and shall enter the mark upon the registration certificate before returning it to the applicant and shall, in communication with the registering authority by whom the vehicle was previously registered, arrange for the transfer of the registration of the vehicle from the records of that registering authority to its own records.

(*3*) A Provincial Government may make rules under section 39 requiring the owner of a motor vehicle registered outside the province, which is brought into or for the time being in the province, to furnish to a prescribed authority in the province such information with respect to the motor vehicle and its registration as may be prescribed.

(*1*) If the owner of a motor vehicle ceases to reside or have his place of business at the address recorded in the certificate of registration of the vehicle, he shall, within fourteen days of any such change of address, intimate his new address to the registering authority by which the certificate of registration was issued, or, if the new address is within the jurisdiction of another registering authority, to that other registering authority, and shall at the same time forward the certificate of registration to the registering authority in order that the new address may be entered therein.

(2) A registering authority other than the registering authority in whose records the registration of the vehicle is recorded making any such entry shall communicate the altered address to the registering authority in whose records the certificate of registration is recorded.

(3) Nothing in sub-section (1) shall apply where the change of the address recorded in the certificate of registration is due to a temporary absence not intended to exceed six months in duration or where the motor vehicle is neither used nor removed from the address recorded in the certificate of registration.

(2) A registering authority other than the registering authority in whose records the certificate of registration is recorded making any such entry shall communicate the details of the entry to the authority in whose records the certificate of registration is recorded.

Suspension of registration.

33. (1) A registering authority or other prescribed authority, which has reason to believe that any motor vehicle within its jurisdiction is in such a condition that its use in a public place would constitute a danger to the public, or that it fails to comply with the requirements of Chapter V or of the rules made thereunder, may, after giving the owner an opportunity of making any representation he may wish to make, suspend the certificate of registration of the vehicle until the defects are remedied to its satisfaction.

(2) An authority other than a registering authority shall, when making a suspension order under sub-section (1), intimate in writing the fact of suspension and the reasons therefor to the registering authority within whose jurisdiction the vehicle is at the time of the suspension

(3) Where the registration of a motor vehicle has been suspended under sub-section (1) for a continuous period of not less than one month, the registering authority, within whose jurisdiction the vehicle was when the registration was suspended, shall, if it is not the authority in whose records the registration of the vehicle is recorded, inform that authority of the suspension;

and when the suspension has continued without interruption for a period of not less than six months, the registering authority, within whose jurisdiction the vehicle was when the registration was suspended, shall cancel the certificate of registration and shall, if it is not the authority in whose records the registration of the vehicle is recorded, forward the cancelled certificate to that authority.

Special requirement for registration of transport vehicle.

35. (*1*) After the 31st day of December, 1938, a registering authority shall refuse to register any transport vehicle other than a motor cab, unless the application for registration is accompanied by a document in Form F as set forth in the First Schedule signed by the maker or assembler of the vehicle stating the greatest laden weight and greatest axle weight for which the vehicle is and the several axles are designed.

(*2*) After the said date no transport vehicle, other than a motor cab, made or assembled in British India, and no chassis capable of being used in the construction of any such transport vehicle which is made or assembled in British India shall be issued from the place of manufacture or assembly, unless it is accompanied by a document signed by the maker or assembler of the vehicle or chassis, setting forth the particulars specified in sub-section (*1*).

(*3*) After the said date no transport vehicle other than a motor cab, and no chassis capable of being used in the construction of such a vehicle shall be imported into British India, unless the document referred to in sub-section (*1*) is produced to the Customs Collector at the port of entry.

(*4*) Where a transport vehicle or chassis, as the case may be, has affixed to it a metal plate, bearing the stamp of the maker or assembler and identified as appertaining to the particular vehicle or chassis to which it is attached, which contains the particulars specified in sub-section (*1*), that plate may at the discretion of a registering authority or a Customs Collector be deemed to be the document referred to in sub-sections (*1*), (*2*) and (*3*).

(*3*) When by reason of an alteration in the number, nature or size of tyres attached to the vehicle the registered laden weight or any registered axle weight recorded in the certificate of registration no longer accords with the laden weight or the axle weight as determined in accordance with sub-section (*2*), the provisions of section 32 shall apply, and the registering authority shall enter in the certificate of registration a revised registered laden weight and registered axle weights.

Certificate of fitness of transport vehicle.

37. (*1*) A transport vehicle shall not be deemed to be validly registered for the purposes of section 22, unless it carries a certificate of fitness in Form H as set forth in the First Schedule, issued by the prescribed authority, to the effect that the vehicle complies for the time being with all the requirements of this Act and the rules made thereunder.

(2) Subject to the provisions of sub-section (3), a certificate of fitness shall remain effective for three years, unless a shorter period, not being in any case less than three months, is specified in the certificate by the issuing authority.

(3) The issuing authority or other prescribed authority may cancel a certificate of fitness at any time, if satisfied that the vehicle to which it relates no longer complies with all the requirements of this Act and the rules made thereunder; and on such cancellation the certificate of registration of the vehicle and any permit granted in respect of the vehicle under Chapter IV shall be deemed to be suspended until a new certificate of fitness has been obtained.

(4) Notwithstanding anything contained in sub-section (1), a Provincial Government may, until the expiry of three years from the commencement of this Act, by rules made under section 39, dispense with the necessity for a certificate of fitness in the case of all or any transport vehicles in respect of which certificates of registration and permits had already been issued before the commencement of this Act.

Registration of vehicles, the property of the Central Government.

38. (1) The authority specified in Part B of the Fourth Schedule may register any motor vehicle which is the property of the Central Government; and any vehicle so registered shall not, so long as it remains the property of the Central Government, require to be registered otherwise under this Act.

(2) An authority registering a vehicle under sub-section (1) shall assign a registration mark in accordance with the provisions contained in the Fourth Schedule and shall issue a certificate in respect of the vehicle that the vehicle has been registered under this section.

(3) If a vehicle registered under this section ceases to be the property of the Central Government, the provisions of section 23 shall thereupon apply.

(4) The authority registering a vehicle under sub-section (1) shall furnish to any Provincial Government requesting it so to do all such information regarding the general nature, overall dimensions, and axle weights of the vehicle as the Provincial Government may at any time require.

Provided that a stage carriage permit shall, subject to any conditions that may be specified in the permit, authorise the use of the vehicle as a contract carriage:

(*4*) Subject to the provisions of clause (*b*) of sub-section (*3*), no person who has any financial interest in any transport undertaking shall be appointed as a member of a Regional or Provincial Transport Authority; and if any person being a member of any such Authority acquires a financial interest in any transport undertaking he shall, within four weeks of so doing, give notice in writing to the Provincial Government and shall thereupon vacate office.

1. When about to turn to the right or to drive to the right hand side of the road in order to pass another vehicle or for any other purpose, a driver shall extend his right arm in a horizontal position outside of and to the right of his vehicle with the palm of the hand turned to the front.

2. When about to slow down or turn to the left, a driver shall extend his right arm with the palm downward and to the right of the vehicle and shall move the arm so extended up and down several times in such a manner that the signal can be seen by the driver of any vehicle which may be behind him.

3. When about to stop a driver shall raise his right forearm vertically outside of and to the right of the vehicle, palm to the front.

4. When a driver wishes to indicate to the driver of a vehicle behind him that he desires that driver to overtake him, he shall extend his right arm and hand horizontally outside of and to the right of the vehicle and shall swing the arm backwards and forwards in a semi-circular motion.

STATEMENT OF OBJECTS AND REASONS.

It has been recognised now for some years past that the Indian Motor Vehicles Act, 1914, which was framed to suit conditions at an early stage of development of motor transport, is no longer adequate to deal with conditions brought about by the rapid growth of motor transport in the past two decades. In the interests alike of the safety and convenience of the public and of the development of a co-ordinated system of transport, much closer control is required than the present Act permits, and it is necessary to take powers to regulate transport.

2. The question of the co-ordination of road and railway and the methods by which the object can be secured consistently with the public interest has engaged the attention of the Government of India for some years past. As early as 1933, Messrs. Mitchell and Kirkness carried out, at the instance of the Government of India, an enquiry into these problems and submitted a report in which they emphasized the importance of early action. The Road-Rail Conference convened by the Government of India in the same year passed a resolution, *inter alia*, recommending control of public service and goods motor transport. In January 1935 the first Transport Advisory Council made definite recommendations to the same effect. In the following year a Bill was framed to give effect to these recommendations which was approved by the second Transport Advisory Council who also recommended a complete overhaul of the Act of 1914 at an early date and the appointment of a committee to enquire into and report on the subject of compulsory insurance of motor vehicles.

3. A Bill was introduced in August 1936 to amend the Act of 1914 on certain points. It was, however, recognized then that a more comprehensive measure would have to follow. The Legislature decided that the Bill should be circulated and this was done, but before further action could be taken on it, the reports of the Motor Vehicles Insurance Committee and of the Wedgwood Committee were received. Government decided that in the circumstances it was preferable to drop the partial measure and to present a more comprehensive Bill. The present Bill incorporates the main recommendations of both these Committees and is the outcome of consultations with Provincial Governments and the third Transport Advisory Council which deliberated on it in December last. The principle of compulsory insurance has been approved by almost all the Provincial Governments, though there are differences of opinion as to whether its adoption should be entirely optional or whether, in the interests of uniformity, its adoption within a certain period of time should be obligatory.

NOTES ON CLAUSES.

CHAPTER I.

Clause 1.—"Extent"—Some provinces are not in favour of introducing compulsory insurance immediately. It is therefore proposed to allow five years as the period in which it may be introduced.

CHAPTER II.

Clause 3—makes a distinction between professional and private drivers. Some provinces already have the distinction and others have an implied distinction in that drivers who intend to work as chauffeurs have photographs on their licences.

Clause 4.—Although most provinces agree to the 21-year minimum age limit for drivers of transport vehicles and have such provision in their existing rules, one or two others see no necessity for this restriction. Sub-clause (*3*) will therefore enable them to allow drivers under 21 to drive transport vehicles, particularly delivery vans, within the province only.

Clause 7 (3).—The concensus of opinion of Provincial Governments is that medical certificates should be obligatory for all drivers other than owner drivers, and even from the latter the licensing authority should be empowered to demand a medical certificate if he is not satisfied as to the applicant's general appearance of fitness.

Clause 7 (4).—The concensus of opinion of Provincial Governments is that photographs should be submitted by these two classes of applicants.

Clause 7 (6).—Since the intention is that licences should be valid throughout British India, all applicants for new licences should pass the test specified in the Third Schedule in driving the class of vehicle specified in the application. An exception is made of existing licences under the Indian Motor Vehicles Act, 1914, as it would be impracticable to insist on their passing the driving test.

The proviso will meet the case of applicants particularly from overseas who have previously held licences granted in their own countries.

Clause 8 (2).—The necessity for these various classes of licences is apparent. (*j*) covers the rare case of a man with some physical disability, *e.g.*, only one leg, who may be permitted to drive a very light car or one specially adapted for him.

Clause 9 (1).—There are varying opinions as to how far licences should have all-India validity. One or two provinces are in favour of extending all-India validity to all licences including those to drive public service vehicles. On the other hand, one province would not extend all-India validity to a licence to drive a goods vehicle. One or two would like power to impose special restrictions in special areas. The majority however feel that drivers of public service vehicles should be under stricter supervision in view of their responsibility for the safety of the public. It is therefore proposed that licences to drive public service vehicles should by provincial rules only be valid in the province when endorsed to that effect, and that, in view of the stringency of the specified test for drivers, all-India validity should be extended to all other forms of licences.

Clause 9 (2).—The position in respect of the validity of licences issued in States is chaotic. Most provinces have rules extending validity to licences issued in States specified in a schedule to the rules but these have not been uniformly amended and frequently differ in consequence. It is proposed therefore that licences issued by States to *bona fide* residents should generally be valid.

Clause 9 (3).—The general opinion is that while the licensing authority should judge as to a person's competence and physical fitness to drive, the transport authority in the discharge of its special responsibility for the control of public service vehicles should have the final say as to the persons by whom such vehicles should be driven. There is however some difference of opinion in this matter, and it is therefore left to the rule making powers of Provincial Governments.

Clause 11.—A uniform renewal fee is necessary. Provision is made for the renewal at ordinary rates of an expired licence by a person who, for example, has been ill for a sustained period or out of India on long leave and so genuinely unable to renew his licence in time.

Clause 13.—Sub-clause (*2*) provides the necessary check upon irregular or arbitrary use of power by licensing authorities.

Clause 14.—The intention of this is to continue and regularise the present arrangement under which Army and Air Force drivers are licensed by Army and Air force authorities. This is done at present by a long standing agreement with Provincial Governments, who have tacitly accepted the arrangement or formally granted exemption under section 13 of the existing Act of 1914. The holders of these licences will however be subject to the ordinary law (including punishment by Courts, suspension and endorsement of licence) and in addition will not be enabled by the licences to drive any vehicle other than one owned by the Central Government.

Clause 15.—This repeats, in a form amplified to meet present requirements, the provision in section 18 (*1*) of the existing Act.

Clause 16.—Transport authorities are responsible for seeing that public service vehicles are run in the best interests of and to the safety of the travelling public. It seems only reasonable therefore that they should have a deciding word as to the persons by whom public service vehicles are driven.

Clause 17.—Some Provincial Governments have made rules under section 18 (IA) of the Indian Motor Vehicles Act, 1914, delegating to licensing authorities power to suspend or cancel licences. Since disqualification is a severe punishment it is considered more satisfactory

to leave its infliction to the decision of the Court, after a proper trial. The offences themselves, however, are grouped in two categories: those for which disqualification should be obligatory, and those for which disqualification may be left to the discretion of the Court.

Clause 19.—In order to secure a reasonable measure of uniformity in respect of the endorsement of licences, the offences in respect of which the Courts shall be bound to endorse licences are specified in the Fifth Schedule. Licences will therefore invariably be endorsed by the Courts for these offences and by the Courts or other competent authority in respect of any period of disqualification. The offences specified in the Schedule will be those in respect of which endorsement is necessary. Other offences not specified will be of a technical nature and, although no specific provision is made, the intention is that they should not be endorsed.

Clause 20.—In order to secure uniformity in respect of the issue of a clean licence after three years' clean driving, in conformity with the views expressed by the majority of Provincial Governments, it is proposed that in the Schedule specifying offences, convictions in respect of which are to be endorsed on licences, shall be divided into two parts —Part A will contain the more serious offences, endorsements in respect of which should never be expunged and must be repeated on any new licence issued, and Part B will specify the offences the endorsements in respect of which can be expunged after three years' clean period of driving. Thus, in the event of any person being prosecuted for an offence under this Act, his licence will furnish a record of all previous convictions of a serious nature as well as recent convictions of a less serious nature, and upon demand by the prosecution for the disqualification of the holder the courts may normally be expected to disqualify a habitual offender. The power of licensing authorities to disqualify will therefore not be as necessary as it is held to be at present.

CHAPTER III.

Clause 22.—Cf. Indian Motor Vehicles Act, 1914, section 10.

Sub-clause (*2*) usually appears at present in provincial rules.

Clauses 23, 28 and 29.—The increasing inter-provincial circulation of vehicles makes it very desirable that registration shall have all-India validity. The object of these clauses therefore is that a certificate of registration as such when once taken out shall be valid in perpetuity throughout British India, and shall remain as a history of the vehicle during the vehicle's life. But if the vehicle is transferred from one province to another for a period greater than twelve months, the owner will have to apply in the new province for the allotment of a fresh distinguishing mark (registered number) which will be entered in the certificate of registration The documents and record of registration will then be transferred to the new province. This will necessitate amendment of some provincial taxation Acts, but it is felt that the disadvantages of linking registration to taxation out-weigh the advantages.

Clause 24.—The range of vehicles is extending farther and farther beyond provincial boundaries and the desirability of uniform distinguishing marks is becoming more evident.

Clauses 26 and 27.—These provisions already appear in provincial rules.

Clauses 30-32.—These reproduce the substance of what already appears in provincial rules, but to facilitate matters for the vehicle owner they enable him to report a change of address or of ownership, or alteration in the vehicle to a registering authority who is convenient for the purpose.

Clause 33.—This again appears in substance in provincial rules, but additional provision is included requiring that if a defective vehicle is not repaired within a reasonable period its registration shall be cancelled.

Clauses 35 and 36.—In order to check overloading the maximum permissible weight and axle weights must be specified in the registration certificate. The registering authority has no means of determining these and it is proposed therefore to require the manufacturer to certify

in respect of every chassis. To guard against the possibility of the certified weight being incorrectly specified, it is proposed that the legal weight on any axle shall be governed by the size of the pneumatic tyres attached to the wheels of that axle in accordance with scheduled permissible loads on tyres of different sizes.

Clause 36 (3)—is intended to meet the case of an owner who registers his vehicle for a specified laden weight on one set of tyres, and then puts on smaller tyres which have a lower carrying capacity. If the gross load on the smaller tyres exceeded the maximum load calculated in accordance with the provisions of the Tenth Schedule an offence of overloading would arise.

Clause 37.—As registration is not to be renewed annually, it is necessary to provide that transport vehicles shall be brought up periodically, or as required, for mechanical inspection. It is proposed to do this by attaching to the registration certificate a certificate of fitness which will specify the date by which the vehicle has to be re-examined. One real advantage to be derived from these certificates is that the inspection will take place as and when due, and there will be no necessity for any disorganisation of passenger services due to all vehicles being called up for examination at a particular time.

Clause 38.—This provides for the continuance of the existing arrangements under which Defence Department vehicles are exempt from the ordinary procedure of registration.

CHAPTER IV.

General.—This Chapter legislates specifically for the control of transport vehicles, *i.e.*, vehicles carrying passengers for hire or reward, or goods whether for hire or reward or otherwise. Such vehicles are divided into four classes, namely:—

(*a*) stage carriages, *i.e.*, motor buses on regular or quasi-regular services;

(*b*) contract carriages, *i.e.*, taxis and other motor cabs, and buses used for special occasions;

(*c*) private carriers (of goods); and

(*d*) public carriers (of goods).

The general scheme is that the control of these separate classes of vehicles should be in the hands of transport authorities constituted for specified areas within the province; and that for the purpose of co-ordination, hearing appeals, etc., there should also be constituted a transport authority for the province. The constitution of these bodies is a matter upon which the Provincial Governments have particularly been consulted.

All motor transport vehicles must be covered by a permit issued by the transport authority of an area, and the effectiveness of every permit will depend on the observance by the holder of recognised general conditions such as the satisfactory maintenance of the vehicle, the observance of prescribed speed limits, and the avoidance of overloading the vehicle or overworking the drivers.

Clauses 40 (2), 49 and 50.—The *bona fide* private carrier should not be required to justify his application in the face of opposition by other providers of transport although the private carrier will in other respects, *e.g.*, weight and speed limits, and safety regulations, be under the same obligation as the public carrier. All provinces, save one, have agreed that a differentiation between the two classes is necessary and that a private carrier should have a permit for identification on the road and to show that the vehicle is being rightly used. One province would make no distinction but the Bill follows the English practice in which this distinction is made. In England a private carrier's permit is easily obtained because the granting of the permit is not open to opposition by providers of public transport.

Clause 40 (4).—This sub-clause will enable Provincial Governments to deal with the private bus, control over which they may deem desirable.

Clause 41 (1).—The extent of the region and the constitution of the regional authority are left entirely to Provincial Governments, as it is impossible to specify in the Bill, except by way of the general indication given in clause 41 (*3*), a constitution which would suit the different conditions, sizes of region, etc., prevailing in each province.

Clause 41 (2).—The constitution of the provincial authority is permissive. It may be required for purposes of co-ordination or to settle differences between regional authorities or to increase control over through routes. Some statutory basis is therefore required.

Clause 41 (3).—This indicates how authorities may be constituted. What may suit one province may not suit another; but if a composite authority is constituted containing representatives of transport interests, then it is only equitable that the main transport interests should be accorded equal representation.

Clauses 44, 47 and 52—lay down the general principles which should guide transport authorities in granting permits for stage or contract carriages or to public carriers. These embody the accepted principles of public necessity and convenience, the prevention of uneconomic competition, and the suitability of the roads to carry the forms of transport requiring the permits. In the case of public goods traffic, the principle adopted is that, while the transport of perishables by short distance transport by road in order to avoid delay and damage caused by terminal transhipment should not be interfered with, long distance traffic should be left primarily to railways.

Clause 45 (d) (ii).—It has been urged from more than one quarter that a route permit holder in return for the security given to him against unreasonable competition should maintain a regular service, *i.e.*, have the responsibilities of a public utility company.

Clause 50 (1).—The roads generally are not fit for sustained heavy traffic and this is a consideration which must be taken into account.

Clause 50 (2).—For instance, the owner of a sugar mill might hold a private carrier's permit to carry cane, sugar, coal and mill stores within a radius of fifty miles from his mill. If found outside that radius or carrying other goods, breach of the conditions would occur.

Clause 51 (d).—The justification for using the roads for heavy goods traffic where alternative facilities exist depends to a large extent on the nature of the goods to be carried. For some the longer time taken by rail or water will be sufficient justification, for others the time factor can be largely discounted. Regional authorities will have to exercise their discretion.

Clause 51 (e).—It is desirable that the applicant should be called upon to show public need, *i.e.*, with reference to particular classes of goods, or that certain firms had agreed to employ him.

Clause 52. These conditions are of common application; (*d*) is intended to indicate that regional authorities should consider any representation that if they allow much highly rated traffic to be diverted from rail to road other railway freights will inevitably be raised.

Clause 59 (1).—Provision has been made in sub-clause (*2*) (*h*) of clause 64 for rules whereby provincial authorities may make mutual arrangements for validating permits outside their jurisdiction without countersignature.

Clause 59 (4).—This is necessary particularly for temporary permits for vehicles for feasts, weddings, funerals, etc.

Clause 61.—These provisions are desirable but are not likely to be generally enforced until more regularly timed services are established But they will be used against an owner in the event of an accident where the driver has been grossly overworked, and also in well-known cases of abuse.

Clause 65.—The transitory provisions are required because the transport authorities contemplated in this Chapter cannot be expected to function effectively straightaway.

CHAPTER V.

Clause 67.—The rule-making powers outlined in this section are unavoidable. Although uniformity in respect of rules in this Chapter is desirable, such rules cannot conveniently be incorporated in the Bill owing to periodical changes in the design of vehicles from time to time.

CHAPTER VI.

Clause 68, sub-clause (1), and the Eighth Schedule.—It may with some force be argued that speed limits are connected with the local strength of roads and should be left for local prescription. But, as in the case of permissible weights, there are advantages in making speeds uniform. It is true that motor transport vehicles will ply within the province but there will always be a good deal of traffic across provincial borders. There are other practical reasons why general speed limits should be uniform and imposed by the Act, *e.g.*, insurance risks may vary with permissible speed and it is desirable that premium rates should be uniform throughout India. If mechanical speed governors are introduced, as is to be hoped, they must be set for a certain speed and be sealed by some authority. A governor set for the legal speed in one province may be illegal in another if there is a difference in speed limits. Uniform reasonable speed limits coupled with the compulsory use of speed governors will tend to reduce not only accidents but also premium rates.

Clause 69.—The object is twofold. Firstly, to put a stop to gross overloading by specifying a maximum permissible weight and axle weight which is reasonable for vehicles at present in general use. Secondly, a reasonable limit is imposed which will generally apply but can be varied upwards or downwards by Provincial Governments to suit local conditions.

Clauses 72 and 75 and Ninth Schedule.—The signs included in the Ninth Schedule have from time to time been standardised for use in India in consultation with Provincial Governments.

Clauses 75 and 76 and the Tenth and Eleventh Schedules.—The substance of these Schedules appears in varying form in provincial rules, but it is desirable that driving regulations and signals should be uniform in respect of motor vehicles. For instance, a driver coming to a strange town should not be liable to commit an offence in passing a tram-car owing to local variations in traffic rules.

Clauses 77-83.—These will standardise similar provisions in provincial rules.

Clause 85.—This reproduces the existing section 4 of the Indian Motor Vehicles Act, 1914, with the additional definition of "animal".

Clause 86.—This already appears in substance in provincial rules.

Clause 87.—This is very necessary and it is proposed that the penalty for its breach should include disqualification—*vide* clause 17 (*6*).

CHAPTER VII.

Clause 90.—Under this, rules can be made not only to deal with vehicles, covered by an International Convention but also those coming from and going to countries which are not signatories to any Convention.

CHAPTER VIII.

General.—The provisions relating to compulsory insurance in respect of third party risks follow closely the recommendations of the Motor Vehicles Insurance Committee and are almost wholly adapted from the English law.

Clause 93.—The limits of cover are those recommended by the Motor Vehicles Insurance Committee. In sub-section (*3*) power is given to Provincial Governments to require, in addition, that the liability of an owner in respect of claims arising under the Workmen's Compensation Act shall also be covered by insurance.

Clause 94.—Sub-clause (*3*) is a variation of section 38 of the English Road Traffic Act, 1930, and section 12 of the English Road Traffic Act, 1934. Those sections provide that an insurer could not repudiate liability on account of the breach of certain specified conditions that the insurer might have inserted in the policy. The general effect of this provision has been given close attention by the Cassel Committee whose report has recently been published and they have recommended that, instead of specifying conditions for breach of which an insurer would not be able to avoid liability, it would be better to specify those for breach of which liability could be avoided. The draft of sub-clause (*3*) follows their recommendations in this respect. It is more satisfactory as it defines the exact position of the insurer in relation to the conditions he may impose.

Clause 100 (*2*).—This is as recommended by the Motor Vehicles Insurance Committee.

Clause 103.—This is as recommended by the Motor Vehicles Insurance Committee.

Clause 106.—This is as recommended by the Motor Vehicles Insurance Committee and incorporates the recommendations of the Cassel Committee in respect of mutual indemnity associations.

Clause 107.—This, as drafted, will enable Provincial Governments to take such action as they deem fit to ascertain that the purposes of this part of the Act are being generally fulfilled. Judicious action under this clause would lead to insurers relying on an authority of this nature for an unbiassed verdict as to their liability, and to a decrease in law suits.

Clause 108.—This is as recommended by the Motor Vehicles Insurance Committee and incorporates section 17 of the English Road Traffic Act, 1934.

CHAPTER IX.

Clause 117.—This is at present only an offence against provincial rules with the penalty specified in section 16 of the Indian Motor Vehicles Act, 1914, and possible suspension of the licence under section 18.

The offence is one which should be penalised heavily and be accompanied by disqualification (suspension of licence). This has been provided for in section 17 (*5*). It has also been made cognisable, but the proviso has been added to section 128 to prevent undue detention of an accused person in custody.

Clause 118.—It is obviously necessary that persons who become temporarily unfit, *e.g.*, through a broken arm, extreme fatigue or illness should be barred from driving, and in case of accident from pleading temporary unfitness as the cause of the accident.

Clause 121.—This provision usually appears in provincial rules.

Clause 129, sub-clause (*2*)—has been introduced as much difficulty is encountered in getting offenders to comply with the summons served on them.

Clause 130.—The provisions in this clause are considered to be necessary in view of the prevalent practice of creditors taking a driver's licence as security for a loan, etc.

Clause 131.—This provides for speedy action in technical prosecutions.

Clause 132.—This provision is reasonable in the interest of the motorist, to prevent him from being charged, after an unduly lengthy period, in connection with an alleged offence the circumstances of which may no longer be easily remembered.

The Report of the Director of Public Health, Bengal, for the year 1936.

Vital Statistics.—The Director of Public Health has given an interesting analysis of the vital statistics for the year under review. The number of births registered was 1,673,206, representing an increase of 39,077 over the number registered in the preceding year, and a rate of 33·5 per mille. The deaths in 1936 numbered 1,222,724 as compared with 1,131,427 in the previous year, representing an increase of 91,297 and a rate of 24·5 per mille. The birth rate was 2·4 above that of the preceding year while the death rate was 7·9 above that of 1935. The total births exceeded the deaths by 450,482 against an excess of 502,702 in the preceding year. The figures for the birth rate and mortality rate for the last ten years are as follows:—

Year.	Birth rate per mille of population.	Death rate per mille of population.
1926	27·4	24·7
1927	27·7	25·6
1928	29·6	25·6
1929	29·3	23·5
1930	26·6	22·4
1931	27·8	22·3
1932	26·6	20·5
1933	29·5	24·0
1934	29·3	23·6
1935	32·7	22·7

Although the birth rate in the year under review was the highest recorded since 1919, it was lower than the birth rate in the other provinces of India with the exception of the North-West Frontier Province, Assam and Sind. The highest birth rate recorded was in the district of Murshidabad (42·6) and the lowest in Calcutta (26·7). The number of males born to every 100 females during the year under report (108) as well as the proportion of male to female deaths remained the

same as in the preceding year. The lowest death rate was recorded in the district of Burdwan and the highest (32·6) in Calcutta. It must be observed, however, that in a very large proportion of the cases which ended fatally belonged to the category of what may be termed "imported" cases. Calcutta alone recorded an excess of deaths over births. The rate of natural increase in the province fell from 10·0 in 1935 to 9·0 in 1936. It was lower than in all other provinces except the Central Provinces, Sind and Orissa.

Infantile and Maternal Mortality.—The rate of infantile mortality, *i.e.*, the number of deaths of infants under 1 year of age per thousand births, which had shown a marked decrease in 1935, rose from 158·5 to 170·9 in 1936. The number of infantile deaths in 1936 was 285,956 representing 23·4 per cent. of the total deaths in the province. 56·5 per cent. of the total infantile mortality occurred among infants under the age of 1 month.

The number of still births showed a slight upward tendency, being 73,399 compared with 72,558 in the previous year. The ratio of still births to live births, however, remained stationary. The number of maternal deaths was 16,581 against 15,608 in 1935. The rate of maternal mortality per thousand live and still births (9·9) showed an increase of 0·4 on the 1935 figure.

The development of maternity and child welfare services is urgently needed to cope with this obstinate and difficult problem. Maternity and child welfare work is mainly a responsibility of the local authorities towards which Government make an annual grant inclusive of a grant for training of indigenous *dais*, besides making grants-in-aid to maternity and child welfare centres and towards educative propaganda through the Bengal Health Welfare Committee. The provision for training of pupil nurses and *dais* in the State and private hospitals continues to be inadequate. A number of proposals for coping with this problem of reduction of maternal mortality and morbidity and child mortality is engaging the attention of the Minister. In the meanwhile the Ministry would urge the local authorities to spare no efforts to put into operation all measures within their power for the benefit of mothers and children and to devote a larger share of their resources towards these services.

Cholera.—There was a serious increase in the incidence of this disease during the year under review, the total number of deaths from cholera being 76,100 against 59,605 in 1935 and representing an increase of 50 per cent. over the average of the preceding quinquennium. The provincial death rate from cholera per thousand of population rose to 1·5 from 1·2 in the preceding year The districts which recorded the highest death rates were Faridpur (4·5), Dacca (3·3), 24-Parganas (2·8) and Jessore (2·8). The district of Darjeeling continued to maintain its freedom from cholera, while Dinajpur and Jalpaiguri returned the lowest death rate, viz., 0·1. The total number of deaths from cholera in rural areas during the year was 72,246, representing a death rate of 1·6 per mille. 3,854 deaths occurred in towns, the rate per mille being 1·1 against 1·4 in the preceding year. The incidence of mortality from this disease was higher than in any other province except Central Provinces and Bihar.

Cholera-preventive Measures.—The number of doses of cholera vaccine issued was 2,544,805 against 2,689,025 c.c. and the total number of inoculations performed was 2,211,678 against 2,329,326 in the preceding year. The Director of Public Health ascribes the decrease in the issue of doses of vaccine and in the number of inoculations partly to defective reporting and partly to defective organisation on the part of the local authorities in carrying out the work of preventive inoculation. The existing skeleton rural health organisation in each district with the District Health Officer at the head dealt with outbreaks with a fair measure of efficiency with the assistance rendered by the Public Health Department in the shape of additional staff for preventive and curative work wherever necessary. Preventive measures included disinfection of sources of water-supply, extensive public health propaganda work through the rural public health units and the divisional publicity staff and promulgation of regulations under the Epidemic Diseases Act, which gave power for securing summary abatement of causes of infection. Apart from the need for the development of a sense of community responsibility in the matter of personal and environmental hygiene, the prevention of this formidable epidemic disease is very largely bound up with the problem of provision of adequate sources of pure drinking water throughout the province according to a definite programme. This matter is engaging the attention of Government.

Small-pox.—The cyclic rotation of small-pox appears to have reached its lowest point in 1935 with 7,548 deaths. The recorded number of deaths from this disease in the year under review was 46,267, representing 3·8 per cent. of the total provincial mortality and 0·9 per thousand of the population and an increase of 600 per cent. over the figure of 1935 and of 350 per cent. over the average of the previous quinquennium. The rate of mortality was by far the highest among the provinces in British India.

Of the total number of deaths from small-pox, 4,364 occurred amongst children under 1 year of age and 10,099 amongst children between ages of 1 to 10 years. The district of Murshidabad was the worst sufferer with a rate of 7·17 per thousand. Bogra with 0·05 and Bakarganj with 0·03 were the least affected. Of the total deaths in towns, Calcutta was responsible for 44·2 per cent, with a rate of 3·84 per mille against 1·03 in 1935 and against an average of 1·28 in the preceding decade. The number of persons vaccinated during the year under review was 9,137,320 against 9,106,830 in 1935 and constituted a record. The average cost of each successful vaccination remained the same, viz., 1 anna 6 pies. The average cost of the manufacture of vaccine lymphs per dose of half a grain was thus reduced from 1·4 pie in 1935 to 0·94 pie in the year under review. In a country and a province where the provision for compulsory isolation is outside the range of practical considerations and where the sanitary consciousness and responsibility of the individual is undeveloped among the mass of the people, vaccination is the only effective preventive against outbreaks. Although primary vaccination is compulsory throughout the province it is well known that a large number of children escapes primary vaccination and consequently remains unprotected. The responsibility for effectively enforcing primary vaccination lies with the local authorities. The Ministry would impress upon the local authorities the urgent necessity of organising an intensive campaign of vaccination according to a fixed programme spread over a limited number of years so as to cover effectively the population of the whole district. Suggestions have been made

from time to time that secondary vaccination should also be made compulsory. The matter is engaging the attention of Government but a universal practice of repeated vaccinations is likely to remain an ideal, difficult of attainment, until the general public come forward to accept secondary vaccination so as to reduce needless suffering and the risk of premature death from small-pox to a minimum.

Fevers—Malaria and Kala-azar.—The number of deaths recorded under "fevers" represented, as usual, the bulk of the number of deaths recorded during the year, viz., 716,142 or 58·4 per cent. against 715,628 or 62·4 per cent. in the preceding year. Not much significance can, however, be attached to this figure as it included deaths from diseases of a widely varying character. The registration of deaths continued to be in the hands of village chowkidars, whose reports cannot be completely relied upon in regard to the causes of deaths. The district recording the highest mortality from fevers was Dinajpur (23·7) and the lowest death rate was returned, as in the previous two years, from Calcutta (3·6).

Malaria was responsible for 337,647 deaths as against 342,955 in the preceding year, giving a rate of 6·8 per mille. The highest death rates were returned by Rajshahi (18·7 per mille) and Jessore (13·9), while the morbidity from malaria was the highest in Nadia. Compared with the death rates in the preceding year, 10 districts showed an upward trend, while 15 districts returned lower rates of mortality.

Deaths from Kala-azar totalled 21,161 as against 17,469 in 1935. The death rate (0·4 per mille) shows a steady though slow increase from 0·35 in 1935 and 0·29 in 1934. There was a decrease of 483 in the number of new Kala-azar cases. This decrease was noticeable in Rajshahi, Rangpur, Malda and Murshidabad. On the other hand Mymensingh, Noakhali and Hooghly showed a marked increase in new cases. Death rate in urban areas remained more or less stationary, but the number of deaths rose in the rural areas by 3,712 or 22·2 per cent. While Kala-azar is fairly amenable to treatment, it tends to reappear as soon as efforts are relaxed by local authorities and treatment centres are closed down. The two towns of Kurseong (1·1 per mille) and Jalpaiguri (1·0 per mille) recorded the highest rates of mortality from Kala-azar.

Special Anti-malarial Measures.—The rural mass treatment scheme with cinchona and plasmochin which was started in 1933 in the Memari police-station in the district of Burdwan was continued during the year. A departure was, however, made in the system of treatment by issuing to all school children quinine for seven days and plasmochin for five days from the third day of quinine treatment. Outside the schools all children and adults with enlarged spleen were given similar treatment. After the completion of the distribution of drugs on the above lines the usual treatment centres were reopened as in previous years, a modification being, however, made on the above lines in treating actual fever cases attending these centres.

The year under review was one of excessive rainfall and the incidence of malaria was lower than in the preceding two years. Compared with the first year of the experiment, the morbidity was reduced by 69·3 per cent. in the experimental area whereas in the control area it fell by

53·5 per cent. The average parasitic index among children under 12 years recorded a marked fall both in the experimental and control areas. The spleen index of children under 12 years decreased to 31·4 compared with 66·0 in 1935 in the experimental area.

In connection with the antiludlowii menace, survey and control measures were carried out in the environs of Calcutta. The control measures in the Salt Lake area had received a temporary set-back owing to the non-receipt of contribution from the Corporation of Calcutta, but they were resumed after the receipt of a contribution from that body. The antiludlowii measures were carried out satisfactorily in the Budge Budge area with the willing co-operation of the mill authorities and the district board. The suburban railway areas were treated with successful results in collaboration with the various railway authorities.

Respiratory diseases.—There were 94,817 deaths from respiratory diseases, an increase of 9,949 over the figures of 1935, the death rate being 1·9 per mille compared to 1·7 per mille in the preceding year. The recorded death rate in several districts was higher than the average rate of the preceding decade and in 20 districts the death rate showed an increase over that of the previous year. As usual Calcutta recorded the highest death rate (8·9 per mille). Other high figures were Jalpaiguri (5·4), Howrah (4·1), Hooghly (3·8) and Darjeeling (3·5). Malda continued to record the lowest death rate, viz., 0·4 per mille.

Pneumonia accounted for 49,155 deaths, against 41,938 in 1935. The increase in mortality was shared by urban and rural areas. The highest death rate (7·5) was registered in the town of Arambagh. It is noticeable that the towns recording high death rates from pneumonia were, with one or two exceptions, centres of notoriously malariously areas.

Pulmonary tuberculosis (phthisis) was responsible for 15,266 deaths or 0·31 per mille against 16,524 or 0·33 per mille in the preceding year. The average death rate in certain areas was 1·18 per mille. The highest death rate (2·9) was recorded in Kurseong and the next highest (2·5) in Calcutta.

During the year under review inquiries were carried out with a view to finding a suitable site in the province for a climatic sanatorium for tuberculosis with the help of the generous donation of Rs. 2,80,000 made for this purpose by Babu Ram Coomar Bangur in the preceding year, and the services of Dr. Frimodt Moller, Medical Superintendent of the Madanapalli Sanatorium in Madras, were requisitioned by Government for giving advice regarding the best site in the province.

Other diseases.—There were 8,359 deaths from enteric fever compared to 8,709 in the preceding year. While the provincial death rate remained the same, the death rate showed an upward trend in all towns including Calcutta, which recorded an increase of 18·4 per cent. There was, however, a decrease of 6·7 per cent. in the rural areas. Dysentery took a toll of 30,905 lives and diarrhoea of 26,307 during the year under review as against 27,349 and 24,581, respectively, in the previous year. The two diseases were responsible for 4·7 per cent. of the total provincial mortality. The combined death rate was highest in Howrah (3·39) followed by Darjeeling (2·94). The Director of Public Health has pointed out that these two districts have for the last few years been returning the largest number of deaths in the province. There was one reported case of death from plague in Calcutta within the year.

Leprosy.—Leprosy accounted for 494 deaths in the province. Of this number the urban areas returned 35 deaths of which 20 occurred in Calcutta. The British Empire Leprosy Relief Association has carried on valuable survey and propaganda work which resulted in the establishment of more than two hundred clinics maintained by the local authorities in the various districts. The Director of Public Health has drawn particular attention to the good work done in this connection by the union boards in the district of Bankura which established 26 clinics.

Fairs and festivals.—The Director of Public Health has given an interesting account of the medical and sanitary arrangements made by the Public Health Department and the local authorities concerned for the prevention of the outbreak of infectious diseases at the Ganga Sagar and Nangalbandh melas which are attended every year by a large number of pilgrims. It is gratifying to note that there were only 6 cases of cholera at the Ganga Sagar mela and 4 cases in the Nangalbandh mela and that only one case in each mela proved fatal. The suggestions made by the Director of Public Health for adequately safeguarding public health in the various fairs and festivals will receive the careful consideration of Government.

Sanitary works including water-supply.—Rs. 47,18,185 or 37·0 per cent. of the total receipts inclusive of opening balance of municipalities was spent on sanitary works during the year under review, showing a decrease of 5 per cent. compared with the expenditure in the previous year. The average expenditure per head of municipal population was Rs. 204 against Rs. 213 in 1934-35. Of the total municipal expenditure on sanitation Rs. 24,23,401 was spent on conservancy, Rs. 9,81,763 on water-supply and Rs. 3,89,349 on drainage.

Housing and town planning.—Government have noted the suggestions made by the Director of Public Health with regard to the improvement of housing conditions in urban and rural areas which undoubtedly react on the general health of the people. A good deal of educative work with a view to creating a strong public opinion on the subject will, however, be necesary before any housing policy leading to the improvement of the existing conditions can be effectively adopted in the rural areas. In the meanwhile the Minister would impress upon the municipal authorities the desirability of a strict enforcement of building regulations in urban areas.

School Hygiene.—Thirteen School Medical Officers were employed under the Education Department in Calcutta. They visited 33 Government and Government aided secondary schools and examined 4,105 scholars during the year. Detailed examination was also conducted by the medical officers attached to non-government institutions. History sheets were filled up of 7,857 scholars. Of these 36·8 per cent. were found to be well nourished and 18·7 per cent. badly nourished. 26·7 per cent. of the students examined were found to have eye trouble. 9 per cent had very defective teeth and 6·1 per cent. had enlarged tonsils. In the municipal areas other than Calcutta 28 medical officers visited 103 schools and examined 10,410 pupils—an improvement over the preceding year's figures. Of these 29·3 per cent. were well nourished and 27·1 per cent. ill-nourished. 10·3 per cent. had very defective teeth and 9·1 per cent. were found to be suffering from eye trouble. 2·8 per cent. of the students examined bore no vaccination marks.

In the rural areas 4,927 students were medically examined in 86 High English Schools as against 2,146 students in 54 schools in the preceding year. 35 per cent. of these boys were found to be well nourished, while 20 per cent. showed signs of poor nourishment. 6 per cent. of the students examined had enlarged spleen. 5,606 schools were visited by the rural sanitary staff. The number of pupils examined was 179,556 against 172,032 in 1935. Government recognise the fact that the school health service is far from satisfactory, and a combined scheme for school and industrial hygiene work is under the consideration of the Ministry.

Health propaganda.—Health publicity work was carried out throughout the province by the publicity staff by means of cinema shows, magic lantern demonstrations, exhibitions, health weeks and lectures. Ten touring cinema parties worked throughout the province. 10,613 cinema demonstrations were given and these were witnessed by 1,264,660 persons. The fall in the attendance compared to that of the preceding year has not been explained. Three new health films were prepared during the year. The Government exhibition van visited Jessore, Midnapore, and Nadia and held 58 demonstrations which were attended by over 70,000 persons.

General.—The normal activities of the department were maintained during the year under review although owing, among other reasons, to continued financial stringency, it was not found possible to effect any special development in the public health service. Besides meeting a moiety of the salaries of the health officers employed by the various local bodies, Government incurred an expenditure of Rs. 10,95,300 for maintenance of a skeleton rural health organisation in the province. A Government grant of Rs. 1,90,000 was made for the improvement of rural water-supply and a sum of Rs. 1,73,000 was also spent through the local officers for same purpose out of the Government of India's grant for rural uplift. Other subventions included Rs. 70,000 for combating Kala-azar, Rs. 45,000 for free vaccination and Rs. 2,26,200 for anti-malarial measures, inclusive of free distribution of quinine. The Tuberculosis Association, Bengal, was assisted with the usual annual grant of Rs. 10,000 and the Bengal Branch of the British Empire Leprosy Relief Association received a subsidy of Rs. 5,500 for educative propaganda. For the first time a contribution of Rs. 2,700 was sanctioned for augmenting local resources towards the establishment of leprosy clinics in the rural areas of Bankura, one of the most seriously affected districts.

The calls on the public health department by the local authorities at times of serious outbreaks of epidemics were many and the department was able to render very valuable assistance in combating them.

Personal.—Dr. R. B. Khambata held charge of the department till April 1936, when he was succeeded by Major (now Lt.-Col.) A. C. Chatterji, I.M.S. The Minister desires to record his appreciation of the services of Dr. R. B. Khambata and Lt.-Col. Chatterji in efficiently administering the department during the year under review.

By order of the Governor,

G. S. DUTT,

Secy. to the Govt. of Bengal.
